Music Classes In Pahokee Are Ended

The annual summer music class sponsored by the county and state enrichment program ended the summer session this week. Robert O. Lampl, bandmaster in charge said he had an enrollment of 21 in the beginners' class and 40 in the regular band, which is very good for vacation season.

Some of the beginners will be ready for the regular band this fall. The session was closed with cake parties for both groups.

W. D. Howard and Web Pell, athletic coaches at Pahokee High were in charge of the recreation phase of the enrichment program which also closed Friday. Howard said there were some 130 enrolled in the program which offered swimming, trampoline instruction, soft ball, basket ball, tennis, table tennis, archery and other table games.

There were some 40 beginners in the swimming classes and around 80 in all swimming activities including life saving, diving and etc.

Howard said the program was successful in the mornings but so many times the afternoon sessions were rained out. Next year, when the school hopes to have a new gymnasium completed, the afternoon sessions will be conducted there, he said.

Very Last Tick Has Been Eradicated In Palm Beach Co.

Tick eradication work in Palm Beach and Broward counties is almost complete, Carl Langford, supervisor of tick eradication for the State Department of Agriculture, said Tuesday.

Langford said the last tick found in Palm Beach County was on July 19, that a systematic inspection of ranches and dairies is now going forward, and that within a few days all cattle on which ticks have been found will be treated.

Langford said sod grass and hay which might carry the infestation can be moved only under permit, which can be obtained from Albert Langford at the Glades Livestock Market in Belle Glade.

All such grasses can be moved only under certain conditions, Langford said.

HAS HEART ATTACK

A resident of Pahokee for more than 40 years and a pioneer farmer of this area is in Everglades Memorial hospital as a result of a heart attack suffered last Saturday afternoon. O. B. McClure was sawing down a tree at his home when he was stricken. Reports from the hospital are to the effect that he is getting along nicely.

Funeral Services For Dick Johnson

Funeral services were held yesterday afternoon in West Palm Beach at the Holy Trinity Episcopal church for R. G. (Dick) Johnson, 57, who died unexpectedly Wednesday. He was a former resident of Pahokee and lived in Pahokee and West Palm Beach for 35 years. He was preceded in death a few months ago by his brother, Girscom in Pahokee.

Surviving are two sons, Richard S. West Palm Beach, and Edward H., Palm Beach; a daughter, Miss Catherine E. Johnson, West Palm Beach; two sisters, Mrs. Henry Richardson, West Palm Beach and Mrs. Letitia Brandon, West Palm Beach and three grandchildren.

TO TEACH IN RIVERIA

Miss Patricia Maxson returned to her home in Canal Point Friday after six weeks of summer school at Florida Southern College in Lakeland. Miss Maxson will teach in the Riviera Beach schools this fall.

Concussion From Push Button Plow

Jack Verhulst received a skull concussion and an ugly gash on his head Monday when the push button plow with which he was turning his farm land failed to function.

When Jack raised the plow to a position above the tractor which was pulling it, failed to catch and delivered a 200 lb. pressure on Jack's head. He was taken to the Everglades Memorial Hospital where he was given attention and released Wednesday.

Boy Scout Beach On Waterfront In Pahokee Popular

One of the outstanding projects sponsored by Pahokee Boy Scouts Troop 28, is the Boys Scout Beach on Lake Okeechobee's waterfront in Pahokee. This project was started last summer, according to Louis F. Mims, scoutmaster, and the boys have worked on it all summer.

Australian pilings along the waterfront were trimmed and the underbrush cleared away. Then the boys made 12 picnic tables and benches and twelve barbecue pits and placed them under the trees at the water's edge. Some 16 large garbage cans were purchased, painted and placed on the picnic grounds.

Since the establishment of the picnic area it has become one of the most popular picnic grounds in the Glades. People from all over the county motoring through the Glades drive up on the government levee to see Lake Okeechobee and enjoy picnics and a few hours rest beside the lake at the Boys Scout Beach. Local citizens flock to the beach every day for picnics and launching of boats and surf boards. Mims said later the troop plans to try to get the levee fence moved back so that the beach can be expanded. This may be next summer's project.

The boys now have plans underway for the building of two floats in the lake off the beach for swimming and diving. Floats will be placed in water 5 or 6 feet deep and each will have a diving board. The troop hopes to complete the floats during the month of August, before school starts, Mims said.

Assisting Mims and the troop in the project are Jimmy Batchelor, who is supervisor of the project, and Ernest Lindrose, Jr., scoutmaster.

Senator George Is Critically Ill

VIENNA, Ga. — “Critically ill” ex-Sen. Walter F. George rested in an oxygen tent at his Vienna, Ga., home Tuesday, under the care of two doctors for a coronary condition.

The 79-year-old statesman, who was confined to an Atlanta hospital 12 days last month for “coronary arterio sclerosis,” was resting better Tuesday, but remained restricted to his bed with only members of his immediate family permitted to visit him.

Wildlife Camp Is Scheduled Aug. 5-10 Camp McQuarrie

GAINESVILLE — Florida 4-H Club boys with wildlife or conservation projects are looking forward to the week of August 5-10 when the 22nd annual 4-H Club Wildlife Camp will be held at Camp McQuarrie in Lake County.

Last year nearly 100 boys and leaders from 20 counties attended the camp which is sponsored by the Federal Cartridge Corporation. Daily classes will be conducted in forestry, soil conservation, quail management and gun safety. Each day time will be devoted to recreation including swimming, fishing and movies.

Members of the camp staff this year will be W. W. Brown, G. M. Godwin and B. J. Allen of the state 4-H staff, Tony Jensen, assistant extension forester, and Hurley Rountree, Ray Malmes and Keith Russell. Speakers and instructions for the camp will be Howard Bissland of the Soil Conservation Service and W. J. Platt, Jr., J. H. Herbert, Jr., and W. G. Mitchell of the Agricultural Extension Service.

Mrs. Clara Maurer and daughter Mrs. Pat Wright and her children are driving to Ohio for a visit with relatives in Columbus and Cleveland.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

The county commission, in a special meeting Monday, gave its approval to four new sub-divisions, all located in the south end of the county.

Approved for filing were addition No. 3 and No. 4 of Lantana Heights; Seacrest Hills in Boynton Beach and the first addition of Lake Ida Shores at Delray Beach.

In other actions this week the commission:

Instructed Attorney Harry Johnston to warn the Ace Taxi Co. of West Palm Beach that it was violating an airport taxi franchise by picking up fares at the airport.

Approved attendance at a state registrar and voting machine meeting for County Registrar DeWitt Upthegrove and Frank Sakser, county voting machine custodian.

Voted to call for bids for resurfacing a section of Okeechobee Road which had been improved by the county.

Hear that residents of Tropical Terrace sub-division had petitioned the commission to rebuild one of the streets in the community—a job which the commission heard will cost about \$9,100 and will be paid by the property owners. The commission named K. C. Mock to do the engineering work on the project.

Hear that a heavily loaded barge had struck Royal Park Bridge and had done an estimated \$5,000 damage to the span.

Hear that a numbering system for all homes in the suburban areas between Jupiter and Boca Raton will be ready for approval in about 30 days. A meeting between county officials and postmaster from West Palm Beach, Lake Worth and Delray Beach will be called soon for a discussion of the proposed house numbering system.

A noise abatement program and change in traffic pattern has been instituted at Lantana Airport in what appears to be a successful effort to cut down airplane noise at that field.

This was a report made Monday to the County Commission by Frank Sakser, county airport director, who said the program was the result of an investigation by CAA authorities and airport operators. The check was made after the commission received a letter of complaint about airplane noise, from the Lake Osborne Civic Association.

Sakser told the commission that the CAA had authorized a change in traffic pattern which would make it necessary for planes to gain 600 feet of altitude before starting a turn. Previous altitude was 400 feet. In addition, planes are now using the northwest-southwest runway during daylight hours instead of the east-west runway which took air traffic over residential districts.

In another action on airports, the county commission this week heard that application had been made to the Florida Development Commission, by Henry C. Clayton, for permission to build a private airport west of Lake Park.

A hearing on the application will be held August 14, at 10 a. m. at the West Palm Beach city hall and will be attended by a delegation of county officials. The county some time ago, entered a protest against construction of the field but County Engineer Steve Middleton advised the board Monday, that reason for the county's objection had been settled.

Mr. and Mrs. W. L. Boatwright are visiting relatives in Swainsboro, Ga., this week.

Cinematic Chatter

By Malcolm Millar

Hello everybody! Kirk Douglas, who is in Munich, Germany, had dinner in one of the town's best restaurants. Kirk asked the waitress, in fine Bavarian, to bring him a Dry martini. A moment later the waitress returned with three, or "Drei", martinis. Kirk is now convinced his German is perfect. Bob Hope is in Paris, shooting a picture with Anita Ekberg and Martha Hyer. Bob was asked how he liked working in a film with two such curvaceous lovelies as Meadowliss Ekberg and Hyer. Hope replied: "This is one film in which it will be a real pleasure to study the lines!" Hey, Girls! Richard (not Pat) Boone has shaved a load of this "flutter-my-heart" gesser minus the drapery under his breather. Rip Torn, that hot up-and-coming young actor, who is setting a number of hearts a-flutter, has revealed his big secret. His real name is Elmore Torn. Now that we've "torn" that one apart I'll see you at the movies—Mal.

Barbecue Pits On Lions Park List

Canal Point Lions Club has purchased a fire engine formerly used by Pahokee Fire Department and are repurposing it and getting it in shape to be used to combat fires in the Canal Point community.

H. H. Sears has been named chairman of a committee to have the truck repaired and to secure additional hose for it. Assisting him on the committee are Bob Mobley and Mack Barfield. Later the club will try to organize a volunteer fire department for the community. Up until now Canal Point has depended upon Pahokee Fire Department to fight its fires.

At a meeting of the club Monday night at Community Hall progress was reported on the Lions Club beach which is being established on Lake Okeechobee waterfront. Tress have been trimmed and 10 picnic tables have been placed on the grounds. D. L. Hooks was named to be in charge of securing two barbecue pits for the area. The next step the Club hopes to take in improving the area is to get a bulldozer in to level spots on the grounds.

Cypress Gardens New Radio Station

W-GTO, FLORIDA — A new deadline has been set by W-GTO for receiving construction bids on the station's new Cypress Gardens studios and office building.

The new deadline for submitting bids is Wednesday noon, August 7, 1957. The radio station is furnishing plans and specifications to all contractors interested in making bids.

Tentative target date for completion of the new Cypress Gardens visitor-view studios is November 1, 1957. Plans call for a large glass-enclosed studio which will make the radio station's broadcasting operations an easily-viewed part of the other attractions offered daily to Cypress Gardens visitors.

A temporary studio has been completed and a limited broadcasting schedule from Cypress Gardens will soon be put into effect. A full schedule of broadcasting will follow as soon thereafter as it is possible to install permanent facilities.

Order for Yourself

If you aim to find fault with others, I'm obliged to say you might best start with yourself. Take for instance, the story Jake Ellis told me yesterday. He recently stopped at an out-of-town diner and ordered a meal. The waitress (brand new on the job) made every mistake in the book. She confused the order, spilled the water, and brought him the wrong dessert. Nevertheless, Jake left a substantial tip. The waitress smiled and handed the money back, saying, "Keep it, Mister, you've sure earned it more than I have."

From where I sit, that girl deserves a good deal of credit

for being the first to admit her shortcomings — something not everyone is big enough to do.

Just because you like coffee to drink when I prefer a glass of beer don't make either of us wrong. The right to choose what we want instead of being ordered to accept another's choice is the American way of doing things. let's keep it that way!

Pick your savings target and shoot straight for it!

A home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do *more* than save, through Payroll Savings. You *invest* your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you *before* you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. *That means a return of up to 80% more than you originally paid.*

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

It Is Unlawful For Any Person Or Persons To Engage In Business Under A Fictitious Name Unless The Name Is Registered

The fictitious name statute was recently changed by the 1951 Legislature and the News has the necessary forms for proper registration and advertising.

The charge for advertising the notice the necessary four times is \$15.

As amended by the 1951 session, the law reads as follows:

"It shall be unlawful for any person or persons, as defined herein, to engage in business as herein defined, under a fictitious name as herein defined, without and unless said fictitious name shall be registered with the clerk of the circuit court of the county where the principal place of business is, which registration shall consist of filing with the clerk aforesaid an affidavit signed by all interested persons, stating under oath the names of all those interested in the business enterprise, the extent of the interest of each, and the fictitious name under which said business is carried on. Said registration may not be made until the person or persons desiring to engage in business under a fictitious name shall have advertised his or their intention to register said fictitious name at least once a week for four (4) consecutive weeks in some newspaper as defined by law in the county where said registration is to be made, and said registration shall not be accepted by the clerk of the circuit court except upon receiving proof of such publication."

a castle in the air costs nothing
—but you can't live in it!

Make your dream house come true! It's easy
—through Payroll Savings!

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a home or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Series E Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.95 cash. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

If you want your interest at current income, ask your bank about Series H Bonds, which pay dividends monthly by Treasury check.

Choose your own savings goal

	If you want approximately		
	\$5,000	\$10,000	\$25,000

Evacuation Plans Perfected Should Hurricane Strike

As a result to new experience gained from Hurricane Audrey, a new and improved system for warning and evacuation has been worked out for Palm Beach County. A committee composed of persons from the Weather Bureau, Civil Defense, Red Cross and the Sheriff's office will co-ordinate information which will be given to all the people through newspapers, radio and television. Mr. Jack Hudnall of the WPB Weather Bureau, Col. Ellis Altman, Director Civil Defense, Mr. Robert M. Shirk, Disaster Chairman of the Palm Beach County Red Cross and Sheriff John Kirk will be the persons responsible in their respective organizations to have this committee function.

The Weather Bureau will keep the people informed of the approaching hurricanes and issue all official warnings and designate hazardous areas. Civil Defense and Red Cross will urge persons to voluntarily evacuate threatened areas. If forced evacuation is necessary for the protection of life, it will be the responsibility of the Sheriff's office in co-operation with the local law enforcement officers to carry out this part of the plan.

The Red Cross through the co-operation of the newspapers, radio and television will keep the public informed as to shelter openings, what to do before, during and after the storm.

In the Glades area of Palm Beach County, a Glades Evacuation Committee has been established with Luther Jones as Chairman. They will receive direct from the Miami hurricane headquarters all official weather bureau warnings and this committee will have the responsibility of putting evacuation from the Glades area into effect. Any enforced evacuation is the responsibility of the Sheriff's office.

It has been agreed that the Red Cross office for Palm Beach County located in West Palm Beach, telephone TE2-4283 will be the central office for giving out instructional information and the official warnings will come direct from the Weather Bureau.

Mr. and Mrs. George B. Ramey visited Mr. and Mrs. Philo B. Williamson, who have been spending a week's vacation on Pompano Beach. Mr. and Mrs. Williamson and son Kenneth and her mother, Mrs. Lizzie Kirksey will return to their home in Canal Point the latter part of the week.

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,860.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

**If you want to be paid
your interest as current income—
invest in 3% Series H**

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Now even better! Invest more in Savings Bonds!

have been awarded to students in 61 countries for study in 42 countries, with grants averaging \$2,500.00. There have been three such fellowships granted to students for foreign study in our District No. 699.

"With fellowships and service to others as its keynote, Rotary provides a common ground for 446,000 business and professional executives throughout the free world, regardless of differing nationalities or political or religious beliefs," the Rotary District Governor emphasized.

"In addition to the promotion of international understanding," Governor Tait continued, "special emphasis is being placed by Rotary Clubs in this District, which includes 40 Rotary Clubs in southern Florida on 'Enlisting for Action', 'Extending for Strength' and 'Exploring for Knowledge', these being the creeds of the newly-elected President of Rotary International."

Governor Tait urged the local Rotarians to attend the Rotary District Conference to be held in Miami in November, and to make plans for the Rotary Club to be represented at the 49th Annual Convention of Rotary International, which will be held in Dallas, Texas, next June.

President Joe Alderman presided at the meeting.

Dorothy Steiner Wins Many Titles

SARASOTA—Dorothy Steiner, the Boca Raton beauty who was crowned Miss Florida of 1957, didn't even have her bags packed for the trip to New York and an appearance on Garroway's Today NBC-TV program which was in store for the winner.

Dorothy, who is a student at the University of Miami, said she had no idea she would be chosen and ignored the instructions of the contest officials to have her bags packed for the plane trip to New York in case she was selected as the queen.

The new Miss Florida, who will represent the state in the Miss America pageant at Atlantic City, is an old hand at queen contests. She has already been crowned Miss Dixie, Gladiolus Queen and Florida Citrus Queen in past years. Statistics? Dorothy is 20, five feet six, blue-eyed and has light brown hair. The story of her figure is told in these measurements of 36-23-36.

Farmers To Hold Annual Election

A meeting of the A. S. C. County Election Board is being held today in the Mounts Building, Military Trail, to make preliminary arrangements for the coming election of the Palm Beach County Agricultural Stabilization and Conservation Committee.

The County Election Board is composed of heads of Agricultural organizations in the county, with Marvin U. Mounts, County Agent for the Agricultural Extension Service, as Chairman. Other members expected to attend are: John S. Stewart, County Supervisor of the Farmers' Home Administration; A. L. Jacobson, District Conservationist of the Soil Conservation Service; Mike Machek, Jr., President of the Palm Beach County Farm Bureau; J. W. Repper, President of the Everglades Farm Bureau; and J. W. Strickland, Office Manager, A. S. C.

The purpose of the meeting will be to select a community election board composed of 3 farmers from each community, an election tabulation board and a secretary. The boundaries for the Coastal Community include the East Coast area of the county West to Twenty Mile Bend. For the Pahokee-Canal Point Community, West from Twenty Mile Bend to Okeechobee at Pelican Bay and North to county line. For Belle Glade-Chosen-South Bav community, West from Twenty Mile Bend to lake at Pelican Bay and West and South to county line.

Each election board will select names of 10 farmers which will be placed on ballots and mailed to all farmers in the county the latter part of this month. Ballots are to be returned by September 10th.
